

# FAIRCHILD POINT: Marina Harbour

**E 48**

These scary rocks are visible  
6' - 8' + under the surface

Enter close to Northeast  
shore: SW is too shallow

Approx. .5 nm

Approach from close to shore  
to avoid rocks off the entrance

*Absolutely First Class  
hurricane hole with a view, needs care  
going in and coming out*

McLEOD BAY  
Great Slave Lake

Marina Harbour
